Nine year old to take on 12 hour walk for charity

A NINE year old from Upholland is set to tackle the Yorkshire Three Peaks Challenge with a group of friends and family members to raise funds for charity.

Willow Maddy Kirkpatrick, who attends St Thomas the Martyr School in Upholland, came up with the idea herself to raise funds for the Macmillan Cancer Support charity as "everyone knows someone who has been affected by the disease.

The group, ranging in ages from eight to adult, will take part on the fundraiser fundraiser, which they have named Willow's Walk, on Sunday,

PLEA FOR TRAFFIC WARDENS TO END 'PARKING NIGHTMARE'

Vehicles left on pavements and on double yellow lines at school pick-up times

Report by **Tom Martin**

A FED up resident from Aughton wants tougher action on motorists who are causing a "parking nightmare" on his road by leaving their cars across his driveway and on double yellow lines.

Chris Seddon, who lives on Whalley Drive, claims the parking problem has been going on for years and is caused by parents picking up their children from nearby Aughton Town Green Primary School.

He showed pictures to the Champion of cars blocking pavements and left on double yellow lines, making it difficult for residents to park outside their

own homes or even access their own driveways.

At one stage, Chris received a parking ticket for leaving his van on double yellow lines because he said there was nowhere else for him to park the

Karate brothers are selected to Team GB

Report by **Tom Martin**

TWO talented brothers from Ormskirk who have a passion for martial arts have been selected to represent Team GB in this month's WUKF World Karate Championships 2021 in Romania.

ate Championships 2021 in Romania. Ryan Molloy, 20 and his younger brother Michael, 17, will compete in the international competition later this month

The brothers, who studied at St Bede's High School in Ormskirk, both started training in shotokan karate in Kirkby Sports Centre when they were only five years old.

Ryan and Michael obtained their First Dan black belt when they were both 13 years old and continued to progress in the sport.

It has been a long year of training for the pair, who have been travelling between Kirkby Shotokan Club with Sensei Morrison and Team GB based in South Shields.

The World Championships is the biggest competition in the The World Union of Karate-Do Federations calendar.

Michael, who is now a Second Dan black belt, has also nearly completed his young leaders instructors qualification.

Meanwhile, Ryan has opened his new business in Aughton called Barbers Republic.

Royal Navy veteran takes part in maiden voyage of refurbished 'little ship of Dunkirk'

Report by Tom Martin

A ROYAL Navy veteran was invited on the maiden voyage of a refurbished boat, which was once used by the military in 1940 and played an important role in bringing back troops from Dunkirk.

Tom Morrison, who is the chairman of the Royal Naval Association in Skelmersdale, was invited on board Estrallita as she made her way from Lowestoft before docking in Portsmouth and Lymington.

Estrallita was commandeered by the Royal Navy in 1940, fitted with a gun and used as a harbour patrol boat for the duration of the Second World War when she was also one of the famous 'little ships' used to

bring back troops from Dunkirk.
The boat was bought by Tom's friend, Tony Billson, who also served in the Royal Navy, after he spotted her in a "sorry state" in Ramsgate

It took Tony five years to properly restore the boat and once completed, he invited Tom as well as a third friend, Michael Hawkins, on her return to sea.

The journey also raised more than £700 for charity after the three men asked for donations

"Lots of the locals remembered her and were extremely impressed at Tony's resolve to rescue her and lovingly restore her to her former glory.

Yobs causing havoc and shouting abuse at McDonald's 'left customers in tears'

Report by **Tom Martin**

GANGS of teenage yobs intimidated families and threatened

staff at a McDonald's restaurant in Ormskirk last weekend.

There have been multiple reports on social media of youths verbally abusing people, throwing food and acting in an antisocial manner at the fast food chain on Two Saints Retails Park.

Park.
Police say that some parents were so worried that they moved upstairs "for fear of their children being harmed."

A mum, whose daughter works at the Ormskirk branch, posted on social media to say she had "the worst shift ever" and that some people in McDonald's were

left in tears.
She said: "My daughter works there and said this weekend she had the worst shift ever due to the teenagers who have been causing so much trouble.

"They were throwing food around the restaurant and when

they were asked to leave, they were just causing so much havoc shouting unnecessary comments to her whilst she was working.

"She said people were crying and very upset at the actions of

them when the police turned up. "One teenager took a swing at an officer which led to an arrest.

Peter Bell, regulation and enforcement manager for Lancashire County Council, said: "We're aware of the pressures on parking around schools, and our enforcement officers visit all 600 schools in the county at either drop-off or pick-up times at least once a year to deter poor parking. High-tech cameras to be installed at accident blackspots

Devices will able to spot speeding and red light jumping

Report by **Tom Martin**

ACCIDENT 'blackspots' in Ormskirk will get soon get dual purpose cameras to stop motorists jumping red lights and speeding in a move being

hailed by safety campaigners.

The busy junctions on County Road at the Fiveways and Hayfield Road have previously been described as 'dangerous' by local councillors, residents and other vehicle users.

The Champion has published several stories about accidents at the junctions, including when MP Rosie Cooper said that "for too long we have witnessed crash after crash, injuries and lives lost at junctions on County Road."

Lancashire County Council has now confirmed that it is currently working with police on the final stages of installing the cameras.

They will be able to detect both both red light jumping and speeding in what will be a first for this technology in Lancashire.

The junctions have a long history of serious accidents and red light jumping has been a significant

The news was confirmed in an email to local councillors from Lancashire County Council.

It has been hailed by local Our West Lancashire

councillors Jane Thompson and Kate Mitchell, who have long campaigned for cameras at the junctions.

Councillors Jane Thompson and Kate Mitchell say new cameras, inset, are much-needed.

Cllr Thompson said: "We started a petition back in 2018, and then had a residents' meeting in the Hayfield pub with county council officers and the County Councillor for Highways. "We then had to wait for government approval for

this new type of camera. At last, it appears we are moving forwards."

Cllr Mitchell added: "It was March 2019 when we

hosted a packed meeting at the Hayfield.
"It has been a long haul with many delays but at last residents and commuters alike can look forward to safer travel at these two notorious junctions.

Plea to lower speed limit on busy road after serious collision

Report by **Tom Martin**

CALLS have been made to lower the speed limit on a busy road in Burscough after a serious crash last weekend involving multiple vehicles.

Emergency services were called to Moss Lane, near the Fat Italian restaurant, to reports of an RTC on Saturday, September 11 at around 8pm.

North West Ambulance Service said a woman in her sixties was taken to hospital and Lancashire Police arrested a 24-year-old man from Ormskirk on suspicion of drink driving. He was also taken to hospital.

The crash involved multiple cars and destroyed two garden walls next to the accident.

A local resident believes the speed limit on Moss Lane needs to be reduced.

Community music group to expand after lottery grant

Report by **Danielle Thompson**

A COMMUNITY group is celebrating after receiving £9,996 from the National Lottery!

Carousel Music and Movement, based in Rufford, was awarded the funding to support its Adults with Learning Needs Earth Project.

They will use the funds to set up and run their Earth Proiect in two new venues - Lord Street West United Community Church Hall, Southport and St Ambrose Halls 4 All in Leyland - offering free music and movement sessions for adults with learning needs and

their support workers.

Carousel Music & Movement was founded in April 2021 by Caroline Darbyshire BA (Hons) Music and Ruth Coyle.

Using the benefits of music as a platform, their aim is to brighten lives and improve Health and Well-

Alongside its many other Health & Wellbeing group sessions, including Age UK Lancashire, Carousel currently runs a successful weekly session at Ormskirk Parish Church Hall attended by 20 adults with learning needs and some of their support workers.

Fun, music-based team activities, such as drumming, dancing, singing and music theory has resulted in their participants gaining important collaboration skills, improved confidence and co-ordination, and increased music knowledge and understanding.

The group is currently working towards an optional end of year project showcase for family and friends, which will give them the opportunity to present their new skills.

Expansion

The new funding from The National Lottery Community Fund, which distributes money raised by National Lottery players for good causes and is the largest funder of community activity in the UK, will see these sessions expanded into the Southport and Leyland areas.

It will also enable Carousel to deliver the benefits of sessions further afield, by taking some free sessions into other, already established, Learning Needs

groups in other areas.
Caroline said: "We're delighted that The National Lottery Community Fund has recognised our work in this way. Now, thanks to National Lottery players we will be able to move forward with our plans to broaden the range of opportunities available to Adults with Learning Needs and their support work-ers. Our sessions not only benefit all round Health and Wellbeing, but also help people to build relationships with others facing similar challenges and also to create their own supportive circles of friends and

peers.

"We would also like to take this opportunity to thank The Eric Wright Foundation and West Lancs Community Chest for their funding support when setting up Carousel. A huge thank you also goes to Vicky Attwood at West Lancs CVS for believing in us right from the start and to Maureen Fazal from The Sewing Rooms for her continued advice and support."

Oh deer! Firefighters free animal from footy net

A DEER caught in a football net in Up Holland was res-cued thanks to the combined efforts of firefighters and a local farmer!

The animal was trapped between the net and some wire on a field at Ayrefield Road on September 11 and a member of the public called Lancashire Fire and Rescue

A spokesperson said: "The

deer was released from the fence by firefighters and with the assistance of a farmer. They used small tools and were in attendance around 40 minutes.'

Four days earlier, the service had been called out to another animal-related rescue attempt - when a kitten needed help in Burscough!

Crews were sent to Manor Avenue to reports that the

feline was trapped between the cavity wall and the bath in the bathroom of the property.

Firefighters gained access to the cavity via the air brick using a small tool kit and used a thermal imaging camera but were unable to locate the animal.

After discussion with the owner, crews left the scene in the hope that the animal would find its own way out.

More council homes to be completed by end of this month

Report by **Tom Martin**

MORE council homes are set to be completed in the coming weeks at a new housing site built by West Lancashire Borough Council's housing

Tawd Valley Developments will complete building

work on 13 homes at Eskbank, in Skelmersdale. They have been built on the site of a former nurs-

ery, which had been blighting the area and attracting anti-social behaviour.

Tawd Valley Developments is wholly-owned by the borough council and is tasked with helping deliver new homes for local residents.

It currently has five schemes underway in the borough, which will deliver 81 new council homes. Additional schemes are at the planning stage in Skelmersdale and further afield.

Tawd Valley Developments' managing director, Mark Kitts said: "We're delighted to be improving the local area whilst meeting local people's housing needs. The site was costing the council money to maintain and insure and this can now be diverted to more productive uses.

"Our aim is to help the council meet the com-

munity's housing and economic development needs and generate a surplus for investment in vital public

"We're already ahead of our business plan, which is good news for the council and for residents

Cllr Jenny Wilkie, portfolio holder for Housing and Landlord Services, welcomed delivery of the newhomes: "Tawd Valley Developments has been established to help us accelerate our housing delivery agenda so that more people can enjoy good quality, secure and well-managed homes.

"Our residents will enjoy living here, I'm sure, and I look forward to taking receipt of more houses over

the coming year."

Three other Skelmersdale projects are on site, with the 14 new homes at the Fairstead develop-ment due to complete at the end of October. Schemes at Brierfield and Northfield will be handed over to the council in 2022.

The council was recently successful in its bid to Homes England, the government's housing accelerator, for just over £1million to support the delivery of council housing in the borough by Tawd Valley

Mark Kitts says the developments are providing the opportunity to engage local school children and college students in the design and construction pro-

The scheme's contractor, engineers and architect have all recently delivered workshops at Little Dig-moor Primary School and Meet the Employer Events at the Greenhill Community Hub in Skelmersdale, designed to help local residents gain direct access to employers with recruitment needs.

No such thing as a free lunch!

There is no such thing as a free lunch' as the saying goes, so why do purchasers of 'new builds' expect current ratepayers to fund new bins?

Our MP is quoted as stating that: "with ever increasing council tax bills, the least that a resident moving into a new build should expect is the provision of wheelie bins."

But if the houses are new, when did they pay council tax here?

Or if they did previously, then they should bring their bins with them.

Having moved several times including twice into new properties, we had to buy dustbins (they did not have wheels in those days) or take our bins with us though we always left one for the

Equally, our wheelie bins are not necessarily free, even for existing residents.

It is time that folk realised that they do not have entitlements if they have not earned them - nor expect someone else to subsidise them.

Perhaps the builder should supply them?

We do pay UK tax at Virgin Care and we are ardent supporters of the NHS

On September 1, 2021, a letter written by Councillor Ron Cooper was published in the West Lancashire Champion titled 'Stopping the privatisation of our health service must be taken seriously by all'.

Councillor Ron Cooper states

that, "Walk in Centres in Skelmersdale and Omskirk are run by Virgin Care and they pay

no UK Tax."

This is misleading. We do indeed operate the walk-in centres – and have been recognised by the CQC for providing a 'good' service for local people through those centres – but it is not true to say we do not pay UK tax.
We are a UK registered com-

pany, and always have and

always will pay our taxes in full.
As ardent supporters of the
NHS we believe in healthy debate about how best the health service should be run, including our role in it, but ask that our role in it is portrayed fairly in that debate.

In this scenario, it could take up to five years for cardiac waiting lists to recover to pre-pandemic

Edge Hill nominated for two national gongs at annual Times Higher Education awards

EDGE Hill has been shortlisted in two categories in the prestigious Times Higher Education awards.

The university has been recognised in two categories -Outstanding Contribution to the Local Community and Support for Students - in what are widely considered the 'Oscars of the higher edu-

cation sector'.
The university's student support package, hailed as an example of best practice, was redesigned in response to the Covid-19 pandemic with new measures taken to ensure students had access to extra services and practical help. More than £300,000 was

invested to provide free laptops, headsets, dongles and software, while £4million in accommodation costs were waived and wellbeing support was increased significantly, including the creation of Together All, a 24/7 online community to support mental health.

The university also harnessed its community spirit to innovate and improve lives during the pandemic. This included the heroic efforts of hundreds of staff and students working and volunteering on the frontline; donating Personal Protective Equipment to partners; providing accommodation for key workers; to installing walk-in Government testing facilities for the community on campus; and converting part of the Sports Centre into

port the roll-out.
Edge Hill was also a major supporter of footballer Marcus Rashford's End Child Food Poverty movement by supplying local schools with free food parcels.

Vice-chancellor Dr John Cater commended staff and students for their kindness and compassion.

He said: "I'm incredibly proud of everyone here at . Edge Hill who went above and beyond to join the global fight against Covid-19 when the pandemic was at its worst. Thank you again to everyone who donated their time and energy to this cause."

Shoppers wowed as virtual art project comes to life in town centre!

Mini Vikings and a refurbished phone box are some of the highlights of new campaign

Report by **Tom Martin**

AN art project to help encapsulate the past, present and future of Ormskirk has been ramped up this week to encourage more locals

to come forward with their contributions.

'Once Upon a Town' is a new virtual museum and gallery, which is formed by local residents who are invited to send in submissions that celebrate Ormskirk.

Last week, people in the town centre will have noticed an advertising campaign with miniature Vikings and a refurbished telephone box.

There was also a piece of artwork called Ormskirk 100 Years from Now, created by the artist Alex Jukes in collaboration with pupils from both Ormskirk and West End primary school.

The project has been funded by both Historic England and Arts Council England to raise awareness of local heritage, while also looking to develop a cultural vision for the town.

West Lancashire Borough Council is also behind the project and they are asking residents to harness their creative and artistic flair by contributing to three specific areas of the project

These are 'The Attic', which focuses on Orm-skirk's past, 'The Tower Room', focusing on the pandemic covering the whole of West Lancashire and finally 'The Grand Hall', an installation look-

ing at Ormskirk 100 years from now.
The website is now live and residents are being asked to submit interesting facts, stories and memories about the historic market town.

The organisers are also looking for people to contribute with representations of their experience of the pandemic which has affected so many of the borough's residents over the past 18 months.

St. Mary's College & Preparatory School Is Proud To Be Rated 'Excellent'

These are exciting times at St. Mary's College & Preparatory School, the independent Catholic school for boys and girls of all faiths aged 0-18. Pupil numbers are continuing to rise and the Independent Schools Inspectorate (ISI) rated the Crosby school 'Excellent' in all areas in its most recent inspection.

Awarding St. Mary's its highest-possible grading in both of the main inspection categories, ISI described the quality of pupils' academic achievements and personal development as excellent, due to the 'outstandingly positive attitudes towards learning' at the school'.

The inspectors noted that this strong work ethic is nurtured by knowledgeable teachers with high expectations, and a well-organised curriculum, ensuring that pupils develop 'high levels of knowledge, understanding and skills'.

Academic excellence is a key aim at St. Mary's, and pupils achieve outstanding results at all key stages. However, success is measured by much more than examination results. The school places great emphasis on the development of the whole person, encouraging achievement in many fields via its rich programme of extra-curricular activities.

The school's choirs, orchestras and bands perform regularly at home and abroad, with the annual Festival of Music at Liverpool's Philharmonic Hall and end-of-year Proms in the Park fireworks concert particular highlights.

St. Mary's College has a proud tradition of sporting success and many of the school's pupils have gone on to reach the very top in their chosen sports, including Liverpool FC and England footballer Trent Alexander-Arnold and Olympic swimmer and Commonwealth Games gold medal winner, Francesca Halsall. Pupils take part in an exceptionally wide range of sporting activities, competing successfully at county, national and international levels. Coaching is provided in several sports and the school has excellent facilities at its 20-acre playing fields, sports centre and brand new state-of the art gym.

The school promotes caring for others, and offers significant opportunities for spiritual and moral development. The ISI inspection report highlighted that pupils are 'notably self-assured and self-confident in their approach to school life', celebrating each other's successes and developing 'high levels of self-esteem' during their time at St. Mary's.

All of this makes St. Mary's College & Preparatory School a place where children can develop into bright, confident young people who want to make the world better for others, as well as themselves

St. Mary's College & Preparatory School is holding Open Events on Thursday 23rd September, 4pm - 7pm, and Saturday 25th September, 10am - 12pm. Visit the schools and see for yourself what makes St. Mary's so special. To register, please visit www.stmarys.ac

Almost a quarter of GCSE candidates at St. Mary's recorded ten or more 9-7 grades this summer, and of these 12 percent achieved 11 or more top-grade passes each. This reflects the broad and balanced curriculum at St. Mary's, and the fact that the school does not restrict the number of GCSE subjects that students can choose to take.

Tributes paid to former football club chairman Chris Lloyd

MUCH respected former chairman of the two local football clubs, Chris Lloyd, died last week at the age of 61 after a short illness.

Mr Lloyd spent almost his entire life involved in West Lancashire football as a player, manager and chairman.

He was chairman at Burscough from 2004 to 2010 in what was the most successful time in its

It was during his time at the helm at Burscough that the Linnets made national fame when they beat Gillingham 3-2 in the first round of the FA Cup in a match featured on Match of the Day.

They were actually in the draw for the third round which took place in the Barons Club next to the Linnets ground and would have faced a home tie to Manchester United, if they had won their second round replay against Burton

Burscough then gained promotion to what is now National League North finishing one season in eighth position in the table only 28 places off the Football League.

After a period out of the game he returned to be chairman of Skelmersdale United in 2014 but parted company with the club the following year.

Playing Career

Mr Lloyd had played local football for clubs including Burscough Legion and Newburgh United.

He had also played in and managed in Sunday Football for clubs including Moorgate Villa, Memorial, Metropolitan and Aughton.

His company Malthouse Business Centre, meanwhile, were the main sponsors of the Ormskirk & District Sunday Football League for a number of years.

For a man who had started his working life as

an electrician after leaving what is now Ormskirk School in 1976, he was a case of local boy made good.

He leaves a wife and three children.

Among those paying tribute to Chris was former Burscough manager and current Southport boss Liam Watson.

Liam was appointed by Chris in June 2006 and his first season in charge at Victoria Park happened to be their most successful in history, winning the Northern Premier League as well as the Peter Swailes Memorial Shield and for the first time in 40 years the Lancashire Junior

Cup.
Liam said: "I would class him as my mate but

he was also a good chairman. We had some special moments together that I will never forget.

"He always treated me with great respect as a friend and as a boss. It's a sad, sad day. He'll always be in my thoughts."

Skem on 'cloud 9' after thumping **FA Vase victory!**

Report by Neil Leatherbarrow

FA Vase first qualifying round

Skelmersdale United 9 Retford 1

SKELMERSDALE United made a potentially difficult game look very easy in the first qualifying round of the FA Vase after scoring nine goals at the JMO Sports Park.

Both Skem players Elliot Morris and Michael Howard completed hat-tricks, even after they lost centre-forward Danny Mitchley to injury carly in the game.

early in the game.

Skelmersdale were actually a goal up well before Mitchley exited when Morris opened the

scoring after around a minute crashing the ball home at the far post after a cross from the left. He made it 2-0 on 25 minutes moving in from the right and firing low across Retford goal-keeper Jon Kennedy into the far corner.

Howard struck from 16 yards on 40 minutes before Morris hit the Retford crossbar, but made amends on 44 minutes completing his hat-trick

with a snap shot from six yards.

If Retford did harbour any hopes of recovery they were wiped out within a minute of the restart as Howard nipped in to head home from a right side corner to make it 5-0.

Matt Hamilton made it 6-0 on 57 minutes when he was left unmarked from a corner and struck a goal from 12 yards, before Howard completed his hat-trick with a shot from 20 yards on 62 minutes to make it 7-0.

Some slack defending from the Skem defence spoiled their hopes of a shut out when Retford's Alex Wonham turned the ball home from close

range on 71 minutes, to make it 7-1.

Probably the best goal of the game made it 8-1 after 74 minutes, when debutant Omar Ibrahim curled a shot into the away net from 20 yards

that really would have taken some stopping.
Eddie Servuts finished off the scoring five minutes from the end cutting in off the left and putting a right-foot shot into the net from around 15 yards out.

hopefuls Wythenshawe Town this Saturday. Skem are going to be bursting with confidence and if they can continue winning, they could be only two points behind league leaders Maccles-

On Tuesday, September 21 Skelmersdale complete a run of four consecutive home games by taking on AFC Liverpool, 8pm kick off.

Two early goals sends Linnets into next round

FA Vase first qualifying round

Burscough 2

TWO goals in the opening ten minutes were enough for Burscough to reach the second qualifying round of the FA Vase.
It took just 67 seconds for

Burscough to take the lead. The ball was worked down the right and was played into the goalmouth by Ryan Smith before Josh Quarless made it

1-0.

Hallam won a free kick in a threatening position soon afterwards but Burscough

That was the last scare for a while as Burscough looked to enhance their hopes. In the tenth minute a tre-

mendous goal from Declan Daniels made it 2-0 and they were cruising.
However further opportunit-

ies both came and went, Chris Lomax on 32 minutes and John Connolly on 34 minutes were both guilty but so were the rest of the for-

Hallam pulled a goal back on 42 minutes when a shot from Liam Royles looked to have been blocked but the ball was never cleared, and fell to Chris Wood who did find the net.

The general consensus among the Linnets supporters at half-time was missed chances were going to cost Burscough.

Hallam laid their stall out very soon after the interval, and Royles was fouled just on the corner of the penalty area and Burscough were fortu-nate that the referee judged it to be out the penalty area rather than in. The free-kick itself was scrambled away at the near post.
In the 57th minute

Burscough had to hold their breath, Wood had cleverly put the ball behind the Linnets defence and number nine

Iren Wilson was clean in on goal, as it was home goal-keeper Jack Reynolds saved the day, leaving his line to make a tremendous save at Wilson's feet.

The Burscough did a fine job and although Hallam pushed hard they were repelled and got little change

in front of goal.

Gradually Burscough held
out and by the end might well have had that elusive third goal, but even so they managed to set up a date at the Community Ground against

Irlam in the next round on Saturday, September 25.

Next match: Burscough take a trip over the Mersey to Runcorn Town this Saturday when they will hope to build on their 2-0 victory over Barnoldswick Town in the last league game.

Burscough are in reasonable form, with seven points out of nine, including to draw away to Wythenshawe, so they will be looking to win at Runcorn.

In Loving Memory

Three years today 18th September 2021

In Memory of a special husband and father, so full of loving deeds who always thought of others first and helped fulfil their needs.

Someone who loved to bring a smile as he went on his way and never failed to brighten up a dark and gloomy day.

Someone who'll never know how much he's missed and thought about for when he left. it seemed as if the stars had all gone out.

and here's hoping that this message which carries so much love, will somehow find it's way to you in Heaven up above.

To a loving husband and father love you lots

Champion VIOTORS

We don't have to put up with rickety caravans snaking along the M6 behind dim-witted drivers

MILKSHAKES have shaken up driving tests. Specifically, McDonald's milkshakes, İkea furniture, Nando's chicken and a whole host of other things you'd normally expect to find on the shelves at this time of year.

While a motoring column in The Champion isn't the place to delve into the politics of why a lot of your regular treats are hard to get hold of right now, the government's solution so far has been to stem the shortage of lorry drivers by freeing up more driving test slots for them. So it's decided to bin another motoring examination - the one you do for towing a car with a trailer - altogether.

Naturally the decision, courtesy of the Driver Vehicle and Standards Agency, hasn't gone unnoticed. The Institute of Advanced Motorists is on record as saying it's "very disappointed" with the move, pointing out the DVSA's own roadside checks showed that one in six caravans it stopped had serious safety defects, while it deemed four in ten small trailers to be dangerous. The towing test was brought in back in 1997 for safety reasons – and those reasons are still entirely valid today, the IAM reckons.

What this means is that any drivers under the age of 41 - as that's the age the 17-year-olds who spent 1997 trying to avoid Barbie Girl are now - will have their driving records updated to allow them to tow heavier trailers, although photocard licences won't be manually updated until they're renewed. Previously, the post-1997 cohort of new motorists, including me, could only tow a trailer up to 750kg unless they took a separate test.

You know what? Let them. I've long looked into doing the towing test and concluded that, while I probably could pass it, it's simply too expensive for the every-so-often moments that I want to rent a trailer (most likely for transporting other cars) anyway. But people of my parents' generation, with no more or less driver training, can hitch up without a second thought.

Yes, I know I'm the bloke who argued against scrapping MoTs for classic cars, but this is about the people, not the metal. People who, on the basis of age rather than experience, are subject to different legislation. You tell me that the drivers who passed in 1996 are any safer towing a big trailer than the ones who did a year later. Remember I said that four in ten small trailers had serious defects? Well, you don't need to do a second test to tow one.

What we need, I reckon, is more education available to everyone, and tougher penalties for those who don't brush up. Make the legal towing weights, speed limits and so on an intrinsic part of the theory test. Perhaps, if the government's being generous, the practical test could incorporate a towing element in years to come. Certainly, it should be supporting - and ideally subsidising - courses to teach drivers how to tow trailers safely. I'd do it. Equally, the DVSA and the police should come down hard on trailers, caravans and horseboxes that are clearly unroadworthy or being driven dangerously.

If the vocal opposition to scrapping MoTs for classic cars was anything to go by, the government's already made its mind up on binning tests for trailers, but that doesn't mean we have to put up with rickety caravans snaking along the M6 behind dim-witted drivers.
